(End of clause)

3.3.1-33 Central Contractor Registration (April 2006)

(a) Definitions. As used in this clause

"Central Contractor Registration (CCR) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts for the same parent concern.

"Registered in the CCR database" means that the Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror shall enter, in Representations, Certifications and Other Statements of Offerors Section of the solicitation, the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number

(i) If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at <http://www.dnb.com/>; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company Physical Street Address, City, State, and ZIP Code.

(iv) Company Mailing Address, City, State and ZIP Code (if different from physical street address).

(v) Company Telephone Number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer may proceed to award to the next otherwise successful registered offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g)(1)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in AMS Procurement Guidance T3.10.1.A-8, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(A) change the name in the CCR database;

(B) comply with the requirements of T3.10.1.A-8; and

(C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer.

The Contractor must provide the Contracting Officer with the notification, sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims. Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov/> or by calling 1-888-227-2423, or 269-961-5757.

(End of clause)

3.3.1-34 Payment by Electronic Funds Transfer/Central Contractor Registration (October 2005)

(a) Method of payment.

(1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either:

- (i) Accept payment by check or some other mutually agreeable method of payment; or
- (ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) Contractor's EFT information. The Government shall make payment to the Contractor using the EFT information contained in the Central Contractor Registration (CCR) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the CCR database.

(c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.

(d) Suspension of payment. If the Contractor's EFT information in the CCR database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the CCR database; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) Liability for uncompleted or erroneous transfers.

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for:

- (i) Making a correct payment;
- (ii) Paying any prompt payment penalty due; and
- (iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and:

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in the CCR database and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to

be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.

(i) Payment information. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the CCR database.

(End of clause)

3.4.1-10 Insurance--Work on a Government Installation (July 1996)

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the "Schedule" or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall certify to the Contracting Officer in writing by letter or certificate of insurance, reflecting the FAA's contract number, that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Federal Aviation Administration's interest shall not be effective:

(1) for such period as the laws of the State in which this contract is to be performed prescribe, or

(2) until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the "Schedule" or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies (reflecting the FAA's contract number to ensure proper filing of documents) available to the Contracting Officer upon request.

(End of clause)

3.6.1-8 Notification of Competition Limited to Eligible SEDB Concerns (April 2000)

(a) Offers are solicited only from "eligible socially and economically disadvantaged business (SEDB)" concerns. As used herein, an "eligible SEDB" concern is a small business concern expressly certified by the Small Business Administration (SBA) for participation in the SBA's 8(a) program and which meets the following criteria at the time of release of the initial SIR or

public announcement (if issued), whichever is first:

(1) The offeror is in conformance with the 8(a) support limitation set forth in its approved business plan; and

(b) By submission of its offer, the offeror certifies that it meets all of the criteria set forth in paragraph (a) of this clause.

(c)(1) Agreement. A manufacturer or regular dealer submitting an offer in its own name agrees to furnish, in performing the contract, only end items manufactured or produced by small business concerns inside the United States, its territories or possessions, the Commonwealth of Puerto Rico, or the Trust Territory of the Pacific Islands. However, this requirement does not apply in connection with construction or service contracts.

(2) The Offeror will notify the FAA Contracting Officer in writing immediately upon entering an agreement (either oral or written) to transfer all or part of its stock or other ownership interest to any other party.

(End of clause)

(End of clause)

3.14-2 Contractor Personnel Suitability Requirements (July 2006)

(a) This clause applies to the extent that this contract requires contractor employees, subcontractors, or consultants to have unescorted access to FAA:

(1) Facilities;

(2) Sensitive information; and/or

(3) Resources regardless of the location where such access occurs, and none of the exceptions of FAA Order 1600.72A, Contractor and Industrial Security Program, Chapter 5, paragraphs 4, 6, 7 and 8 pertains.

Definitions of applicable terminology are contained in the corresponding guidance and Order 1600.72A, appendix A.

(b) Consistent with FAA Order 1600.72A, the FAA Servicing Security Element (SSE) has approved designated risk levels for the positions under the contract.

(c) Not later than five (5) business days, not to exceed a maximum of 30 days, after contract award (or date of modification, if this provision is included by modification to an existing contract), for each employee in a listed position requiring access, provided, no previous background investigations can be supported as described below, the contractor will submit the following documentation to the SSE for an employment suitability determination:

- Standard Form (SF) 85P, Questionnaire for Public Trust Positions as designated by the Contractor Position Risk/Sensitivity Level Designation Record, FAA Form 1600-77, will be completed (all questions answered) in accordance with the instruction sheet.
- One fingerprint card (FD-258). Fingerprints will be taken by those individuals who have been identified as either a Trusted Agent or a Personal Identity Verification (PIV) registrar (SSE).

In some instances, the fingerprint only may be required and an OF-306 Declaration for Federal Employment, most current edition, will also be submitted.

The applicant will appear in person and provide two forms of identity source documents in original form to the PIV Registrar (SSE) or the authorized Trusted Agent. The identity source documents must come from the list of acceptable documents included in Form I-9, OMB No. 1115-0136, Employment Eligibility Verification or version of the DOT F 1681 containing the list of acceptable identity verification documents. At least one document will be a valid State or Federal Government-issued picture Identification. A signed I-9 Form may be used but must indicate the two source documents that were verified.

The type of investigation conducted will be determined by the position risk level designation for all duties, functions, and/or tasks performed and will serve as the basis for granting a favorable employment suitability authorization as described in FAA Order 1600.72A. If an employee has had a previous U. S. Government conducted background investigation which meets the requirements of Chapter 5 of FAA Order 1600.72A and Homeland Security Presidential Directive 12 (HSPD-12), it will be accepted by the FAA. However, the FAA reserves the right to conduct further investigations, if necessary. For each contractor employee for which a previous background investigation was completed, the contractor will provide, in writing to the SSE, the name, date of birth, place of birth, and social security number of the employee, the name of the investigating entity, type of background investigation conducted, and approximate date the previous background investigation was completed. For all contracts over six (6) months in duration, the minimum background investigation requirement will be a National Agency Check with Inquiries (NACI). Please check with your SSE for final determination as to OPM background investigation type required. The contract may include positions that are temporary, seasonal, or under escort only. In such cases, a FAA Form 1600-77 for each specific position will be established as the investigative requirements may differ from the NACI.

The contractor must submit the required information with a transmittal letter referencing the contract number and this request to:

Regional and Center Contracts: Contracting Officer

The transmittal letter must also include a list of all of the names of contractor employees and their positions for which completed forms will be submitted to the SSE pursuant to this Clause. A copy of the transmittal letter must also be provided to the Contracting Officer/Contracting Officer's Technical Representative (COTR) minus any privacy act information.

(d) The contractor must submit the information required by Section (c) of this Clause for any new employee not listed in the Contractor's initial submission who is hired into any position identified in Section (c) of this Clause.

(e) The Contracting Officer will provide notice to the contractor when any contractor employee is found to be unsuitable or otherwise objectionable, or whose conduct appears contrary to the public interest, or inconsistent with the best interest of national security. The contractor must take appropriate action, including the removal of such employee from working on this FAA contract, at their own expense. The Contracting Officer will confirm to the SSE that the action has been taken.

(f) No contractor employee will work in a high, moderate, or low risk position unless the SSE has received all forms necessary to conduct any required investigation and has authorized the contractor employee to begin work.

(g) As applicable, the contractor must submit quarterly/bi-annual reports to the Contracting Officer with a copy to the SSE and the Operating Office on or before the fifth (5th) business day following each report period. This report must include a complete alphabetical listing of all current contractors who are currently supporting the contract and a separate listing of all terminated contractors.

(h) The contractor must notify the CO within one (1) business day after any employee identified pursuant to Section (c) of this Clause is terminated from performance on the contract.

(i) The Contracting Officer may also, after coordination with the SSE and other security specialists, require contractor employees to submit any other security information (including additional fingerprinting) deemed reasonably necessary to protect the interests of the FAA. In this event, the contractor must provide, or cause each of its employees to provide, such security information to the SSE, and the same transmittal letter requirements of Section (c) of this Clause applies.

(j) The contractor and/or subcontractor(s) must immediately contact the Servicing Security Elements (Regional and/or Center Security Divisions) or AIN-400 at Headquarters in the event an employee is arrested (detained by law enforcement for any offenses, other than minor traffic offenses) or is involved in theft of government property or the contractor becomes aware of any information that may raise a question about the suitability of a contractor employee.

(k) Failure to submit information required by this clause within the time required may be determined by the Contracting Officer a material breach of the contract.

(l) If subsequent to the effective date of this contract, the security classification or security requirements under this contract are changed by the Government and if the changes cause an increase or decrease in direct contract costs or otherwise affect any other term or condition of this contract, the contract will be subject to an equitable adjustment.

(m) The contractor agrees to insert terms that conform substantially to the language of this clause, including this paragraph (l) but excluding any reference to the Changes clause of this contract, in all subcontracts under this contract that involve access and where the exceptions under Chapter 5, FAA Order 1600.72A do not apply.

(n) The Contracting Officer will ensure the SSE receives a list of all proposed contractor employees, the name of the contracting company, contract number, duty location, identification of the funding line of business, and the names of the contracting officers and COTR for each contract within five (5) business days of contract award. If the Contracting Officer provided the SSE a solicitation number during pre-award, the contracting officer will ensure the SSE is notified of the contract number.

(o) Contractor employees who have not undergone a background investigation must be escorted at all times. In some instances, a contractor employee may be required to serve as an escort. In this situation, the contractor employee must have a completed and favorably adjudicated National Agency Check with Inquiries (NACI).

(End of clause)

3.14-3 Foreign Nationals as Contractor Employees (July 2006)

(a) Each employee of the contractor must be a citizen of the United States of America, or an alien who has been lawfully admitted for permanent residence as evidenced by Alien Registration Receipt Card Form I-151, or who presents other evidence from the U.S. Citizenship and Immigration Service that employment must not affect his/her immigration status.

(b) Aliens and foreign nationals proposed under this contract must meet the following conditions in accordance with FAA Order 1600.72A, chapter 5, paragraph 7 & 8:

(1) Must have resided within the United States for three (3) of the last five (5) years unless a waiver of this requirement is requested and approved in accordance with the requirements stated in FAA Order 1600.72A, chapter 5, paragraph 9;

(2) A risk or sensitivity level designation can be made for the position; and

(3) The appropriate security-related background investigation/inquiry can be adequately conducted.

(c) Interim suitability requirements may not be applied unless the position is low/moderate in risk, and/or temporary, and/or is not in a critical area position.

(End of clause)

I – 1 FAA Alaskan Region Government-Issued Keys, Identification Badges, and Vehicle Decals

(a) It may become necessary for the Government to issue keys, identification (ID) cards, vehicle decals, and/or access control cards to contractor employees. Prior to or upon completion or termination of the work required hereunder, the contractor shall return all such Government-issued items to the issuing office with notification to the Contracting Officer's Technical Representative (COTR). When contractor employees who have been issued such items are terminated or no longer required to perform the work, the Government-issued items shall be returned to the Government within three workdays or upon termination of the contract or the employee. Improper use, possession or alteration of FAA issued keys, ID cards and/or vehicle decals is subject to penalties under Title 18, USC 499, 506, and 701.

(b) In the event such keys, ID cards, or vehicle decals are not returned, the contractor understands and agrees that the Government may, in addition to any other withholding provision of the contract, withhold \$50.00 for each key, ID card, and vehicle decal not returned. If the keys, ID cards, or vehicle decals are not returned within 30 days from the date the withholding action was initiated, any amount so withheld

will be forfeited by the Contractor.

(c) Access to aircraft ramp/hangar areas is authorized only to those persons displaying a flight line identification card and for vehicles, a current ramp permit issued pursuant to Part 107 of the Federal Aviation Regulations.

(d) The Government retains the right to inspect inventory, or audit ID cards, keys, vehicle decals, and access control cards issued to the contractor in connection with the contract at the convenience of the Government. Any items not accounted for, to the satisfaction of the Government shall be assumed to be lost and the provisions of section (b) shall apply.

(e) Keys shall be obtained from the COTR who will require the contractor to sign a receipt for each key obtained. Lost keys, ID cards, vehicle decals, and access control cards shall immediately be reported concurrently to the Contracting Officer (CO), COTR, and AAL-750. Electronic keying cards are handled in the same manner as metal keys.

(f) The Federal Aviation Administration (FAA) has installed electronic positive access controls within its facilities. As a result, access control levels and digital photographs of employees and contractors are being added to ID badges (ID Media/Access Cards). The ID media and the access cards are two separate functional items. They are physically attached to one another with adhesive and are issued simultaneously.

(g) Each contract employee, during all times of on-site performance at the ANC ARTCC, shall prominently display his/her current and valid identification card on the front portion of his/her body between the neck and waist.

(1) Prior to any contractor employee obtaining any ID media or vehicle decals, the contractor shall submit complete documentation required under AMS clause 3.14-2, Contractor Personnel Suitability Requirements and shall be approved to begin work by the Servicing Security Element.

(2) To obtain an ID media access card for the first time, each contractor employee is required to submit an APPLICATION FOR ID MEDIA AND ACCESS CARD (AL FORM 1681.1) for processing. The Contractor will receive the necessary forms from the Contracting Officer (CO). The CO will complete Part 2 of the application and forward the form to the contractor to have each contractor employee requiring access to complete Part 1 and sign under "Applicant Signature" in Part 3. Contractor employees requiring access to more than one site shall complete separate AAL 1681 forms for each location. The completed AL FORM 1681.1 is returned to the CO along with a digital photo of the employee. The digital photo may be submitted on a disk or via e-mail to the Security Office at 9-AAL-SECURITY-IDMEDIA@FAA.GOV. In your e-mail message please include the individual's name, contractor name, and contract number for verification purposes. Notify the Contracting Officer if you do not have access to a digital camera. Alternate accommodations may be made. The digital photo must be an up-to-date photograph (taken within the last 6 months), with a head and shoulder view (similar to that of a passport photo), on a white background. The SSE will mail the completed Media card and Personal Identification Number (PIN) to the Facility Manager for distribution to the contractor. Each employee will be required to sign form 1600-21 after receiving the Media Card.

(3) To replace an ID media access card due to loss, theft, damages, or failure, the contractor shall immediately notify the CO/COTR and the SSE to report the incident. The contractor will be required to complete a "detailed incident report" form and a new AL FORM 1681.1 and submit both to the facility manager or authorizing official. Upon receipt of the replacement ID Media/Access Card, the contractor shall return the previously issued media and sign a new key receipt form.

(h) ID Media/Access Cards will expire with the natural expiration date of the contract. If the contract is extended or renewed, the contractor will follow the procedures outlined for obtaining an ID Media Access Card for the first time. Contractor employees performing under option year contracts will only be issued

cards for the initial base year award. Contractors shall submit new AL FORM 1681.1 for each option year the Government elects to exercise. Resubmission of a new digital photograph is not required for option years unless a new contractor employee is added.

The protest time limitations, however, will not be extended by attempts to resolve a potential protest with the Contracting Officer.

(c) The filing of a protest with the ODRA may be accomplished by mail, overnight delivery, hand delivery, or by facsimile. A protest is considered to be filed on the date it is received by the ODRA.

(d) Only an interested party may file a protest. An interested party is one whose direct economic interest has been or would be affected by the award or failure to award an FAA contract. Proposed subcontractors are not "interested parties" within this definition.

(1) Protests based upon alleged improprieties in a solicitation or a SIR that are apparent prior to bid opening or the time set for receipt of initial proposals shall be filed prior to bid opening or the time set for the receipt of initial proposals.

(i) Not later than seven (7) business days after the date the protester knew or should have known of the grounds for the protest; or

(ii) If the protester has requested a post-award debriefing from the FAA Product Team, not later than five (5) business days after the date on which the Product Team holds that debriefing.

(f) Protests shall be filed at:

(1) Office of Dispute Resolution for Acquisition, AGC-70,

(2) other address as specified in 14 CFR Part 17.

(g) At the same time as filing the protest with the ODRA, the protester shall serve a copy of the protest on the Contracting Officer and any other official designated in the SIR for receipt of protests by means reasonably calculated to be received by the Contracting Officer on the same day as it is to be received by the ODRA. The protest shall include a signed statement from the protester, certifying to the ODRA the manner of service, date, and time when a copy of the protest was served on the Contracting Officer and other designated official(s).
